ABOUT ME

I have been a member of Bentley Golf Club for well over 20 years and have taken an active part in the club in that time.

I have been Lady Captain twice and was a member of the Greens Committee for 10 years. I am now on the House Committee and was asked to take on the role of Welfare Officer.

I was a teacher all my working life and one role of responsibility was for the Child Protection, so I have had experience in dealing with issues concerning safeguarding.
